PROFESSIONAL SHOE FITTERS WITH EXCEPTIONAL CUSTOMER SERVICE!

FALL 2009 SAFETY SHOE CATALOG

Wolverine • Red Wing • Timberland Pro • Skechers • Carolina • Thorogood  
Rockport • Converse • Worx • Florsheim • Chippewa • Nautilus • Work One

Penn-Lee Footwear opened in 1961 as a full-service shoe store. It has been at the same location at 161-163 East Main Street (in the Miners Mills section of Wilkes-Barre, Pennsylvania) for the past 47 years. Our store is one of the oldest privately owned shoe stores in Northeastern Pennsylvania. We only carry nationally known brand-name shoes that people recognize and trust.

We believe that fitting you right is our full-time job. As it was done in the 1960s, we measure our customers' feet, because most people today wear the wrong sized shoes. This is why we're called the "old-fashioned shoe store."

My name is Stan Zurek, and I've been working at Penn-Lee Footwear since I was 23 years old. With over 35 years of experience, I still believe in doing business the old-fashioned way, giving the customer service with a smile, having patience, and being honest and truthful. Recently, I've complemented my store with a mobile shoe truck that sells safety shoes at manufacturing plants. It's an innovative idea that blends the old with the new.

Visit [www.pennleefootwear.com](http://www.pennleefootwear.com) to browse our latest selections and download the catalog.  
For more safety shoe information, e-mail our expert: [bill@pennleefootwear.com](mailto:bill@pennleefootwear.com)

In addition to regular merchandise, discontinued styles will be available in store, from \$50.00 to \$70.00  
Visit us Monday - Friday, 9 am to 8 pm • Saturday, 9 am to 5 pm • Sunday, 12 noon to 5 pm

# Guide to Icons

- 
**Steel Toe**  
 Non-Corrosive Steel Toes used in footwear to provide protection for the toe area. Meets or exceeds the ASTM F2413-05 Impact/Compression ratings.
  
- 
**Composite Toe**  
 A toe cap made from a non-ferrous elastomeric material, which is lightweight and will not conduct heat, cold, or electricity. Meets or exceeds the ASTM F2413-05 Impact/Compression ratings.
  
- 
**Electrical Hazard**  
 Safety footwear that provides workers a secondary source of protection from live circuits, wires, or highly charged electrical equipment.
  
- 
**Slip Resistant**  
 Soles designed to provide a higher level of coefficient of friction with the walking surface to improve slip resistance.
  
- 
**Static Dissipative**  
 Footwear that allows static electricity to be dissipated from the wearer's body into the walking surface to prevent static electricity buildup. Used in areas where the generation of static electricity could harm electrical equipment or circuit board assembly.
  
- 
**Waterproof**  
 Waterproof leathers surround a water impermeable lining to keep feet dry and deliver the best protection in wet conditions.
  
- 
**Insulated**  
 Layers of Thinsulate efficiently insulate the foot and provide warmth in cold environments. The result is enhanced performance, increased comfort, and reduced thermal conductivity.
  
- 
**Security Friendly**  
 100% non-metallic
  
- 
**Made in U.S.A.**

- Set-up in a designated outside area (employee parking lot)
- On the truck itself

**INCLUDED FOR ALL PENN-LEE FOOTWEAR INDUSTRIAL ACCOUNTS AND THEIR EMPLOYEES!**

...Plus receive a free pair of work socks with every purchase

**RETURN POLICY:** We accept returns and exchanges at our retail location as well as through the mail.

- All new unworn shoes may be returned to Penn-Lee Footwear for a full refund, full credit, or exchange.
- Worn or defective shoes less than 6 months old can be returned with a full refund or 100% store credit.
- Worn or defective shoes that are 6 months - 1 year old with normal wear can be returned for 50% store credit towards replacement.
- Worn or defective shoes that are 6 months - 1 year old with limited wear can be returned for 100% store credit towards replacement.
- There will be no credit, refund, or exchange on worn out shoes due to work conditions or environment. This means: the shoe upper is cut or burned by accident, or the shoe upper and soles are ruined by exposure to oil, water, gasoline, chemicals, acids, etc.

If the Penn-Lee mobile shoe truck is scheduled to visit your plant or facility, please call us and let us know what styles of safety shoes you're interested in. Our mobile inventory can be completely customized so that you get exactly what you want. After all, fitting you right is our full time job.
